

During Governor Pritzker's budget address in February, the Governor announced plans to waive licensing fees for nearly 525,000 frontline healthcare workers. Licensees in eligible professions whose renewal period takes place during Illinois' Fiscal Years 2023 and 2024 (July 1, 2022, to June 30, 2024) will not pay a renewal fee. In addition, individuals who are not currently licensed in Illinois and are seeking licensure in an eligible profession during the next two budget years will not pay the application fee.
